## Signs that a Catholic is tainted with Liberalism

### Causes of Liberalism:

- Corrupt morals due to theater, literature, public education etc
- Journalism through the secular press, secret societies, literature, arts, science, politics, etc
- General ignorance in matters of religion
- Secular education that removes God

### Effects of Liberalism:

- Removal of religion from society
- The supremacy of the state
- Marriage sanctioned and legitimized by the state alone

- Divorce laws
- Socialism/Communism
- Unrestricted immorality

### Why Liberalism is a mortal sin (if not out of ignorance):

- Violates all of the 10 Commandments
- Within it are comprehended all heresies
- Repudiates dogma altogether and substitutes opinion
- Refuses to acknowledge the authority of the Pope and jurisdiction of Jesus Christ over society

May God protect us from our fallen nature and forgive our sins. ~ ✠
